

Areas of Interest, Application Requirements & Submission Deadlines

Pfizer’s support of Visiting Professorships is a reflection of our commitment to advancing research, innovation, clinical expertise and education for healthcare professionals. The intent of this Visiting Professorship Posting is to provide financial support for host organizations to coordinate educational exchanges so that healthcare practitioners, researchers and patients can benefit from the knowledge and on-site presence of distinguished medical experts who might otherwise be inaccessible.

Areas of Interest

It is our intent to support opportunities for an institution to host a medical expert (“Expert”) to foster educational exchanges with local healthcare providers who can benefit from the Expert’s knowledge and on-site presence.

Priority will be given to plans that include robust opportunities for the Visiting Professor to interact with healthcare providers at the host organization beyond the lecture format. The organization responding to this posting and requesting the grant funding should be the organization ready to identify, invite, and host the Expert.

Applications Requirements

Please go to the specific [application log-in page](#) and sign in. First-time users should click “REGISTER NOW”. Complete all sections of the online application and upload the required documents (see below). If you encounter any technical difficulties with the grant management system, please click the “Technical Questions” link at the bottom of the page. **IMPORTANT:** *Do not include the name of the potential Visiting Professor in application materials.*

Questions? Email GlobalMedicalGrants@pfizer.com

Required Documents

1. Agenda/Proposed Agenda
2. Letter of support from Hosting institution

Funding Guidelines

Funding is to be used to cover the Expert's honorarium, travel expenses, and other direct expenses incurred by host organization in conducting program activities. No portion of a Pfizer independent grant will be used to support food or beverages for learners/participants associated with an activity or initiative. Note this also includes organization faculty attending Visiting Professorship programs. All grant recipient organizations will be required to certify during reconciliation that funds were not used for food and/or beverages for learners/participants in any capacity.

Submission Deadlines

Applications will be accepted on a rolling basis but reviewed based on the timelines below:

Application Submitted by	Decision Notification Date	Program Start Date must be after
January 15, 2021	On or before March 16, 2021	April 1, 2021
April 15, 2021	On or before June 1, 2021	June 15, 2021
July 15, 2021	On or before August 31, 2021	September 15, 2021
October 15, 2021	On or before November 30, 2021	December 15, 2021

Visiting Professorship programs funded in 2021 must be completed before December 31, 2022. Requests received after October 15, 2021 will be reviewed in the first window of 2022.
